RECEIVING/READING MESSAGES
Press \[\text{Confirm button}\] to read the message

DELETING A MESSAGE/ALL MESSAGES
- A message is defined as read once the first page of the message has been read. Previewing a message is not considered as reading a message.
- Locking a message prevents it from being accidently deleted or overwritten by new messages. You can lock up to 15 messages.
- You can enter Inbox Message Function menu by pressing \[\text{Function button}\] when you are reading the message. The operation is the same as the Inbox Folder Function Menu except there is no “DELETE ALL”.
- Please note. Locked messages cannot be deleted. Additionally, unread messages cannot be deleted by using “DELETE ALL”.
