My Account Client User Guide

Introduction

My Account is a free, web based account management software program that allows Spok clients access to their wireless account. Clients are able to perform a wide variety of transactions including electronic invoicing, online payments, device exchanges/upgrades/downgrades, add-ons as well as modifying device features.

NOTE – no modifications can currently be made to device groups or members of groups except as allowed to Multi-Messenger Groups explained in detail [here](#). Please contact Customer Support for assistance with group devices. Once you've logged in, if there is a span of inactivity for more than 30 minutes, you will be automatically logged out and any unsaved changes will be lost.

Registering for My Account

Depending on your Spok account structure, you may be able to independently establish your account via the web site (http://www.spok.com/solutions/paging/my_account) or you may require customer service support. Please contact Customer Support with any questions or concerns. (Typically our larger clients and medical community will require Customer Support assistance to be set up and you will receive an email with your user name and password once your access has been established.)

You may register for a separate My Send a Message online account at any time regardless of account structure or account type. Since My Send a Message access is included in My Account, it is not necessary for My Account wireless account administrators to establish a separate My Send a Message user login.

Logging into My Account

Visit http://www.spok.com/solutions/paging/my_account to display the My Account Introduction screen and click on the MY ACCOUNT LOGIN button as shown below. You can also bookmark the login page in your Internet browser for simpler access in the future.

MY ACCOUNT

My Account is the faster, more convenient way to manage your wireless messaging account. You can now enjoy the freedom of servicing your account at your own leisure. Access your account, statements, payments, update your information, and much more.

[> MY ACCOUNT LOGIN](#)

-  [My Account Client User Guide](#)
-  [My Account Datasheet](#)
-  [Phase 1 Redesign Resource Guide](#)
-  [Phase 2 Redesign Resource Guide](#)

The following screen will display and you will be prompted to log into the system with your User ID and Password. Selecting the *Stay Signed In?* checkbox will allow users to remain signed in until they sign out. Once all requested information has been typed into the applicable fields click *Sign In*. A successful log in will display the *Main menu* options screen.

Effective July 1, 2022, Spok will no longer accept credit cards as a form of payment.

Create a User ID and Password

First time users accessing **My Account** to set up an account must select the link to 'Register'.

At this time, only individual and small business customers will have the functionality to enroll in **My Account**. All other **Spok** customers are required to contact the customer service number listed on their invoice for registration assistance.

Customers that require customer service registration assistance will receive a MY ACCOUNT email with a system-generated generic password along with additional login details in which they will need to reset their password.

The **Login Information** screen will be displayed as seen below.

Enter your account and user information below.

Account Number:	<input type="text"/>	First 7-digits of your ACCOUNT NO. as it appears on your invoice.
Billing Zip:	<input type="text"/>	5-digit billing zip code as it appears on your invoice.
User ID:	<input type="text"/>	New User ID for accessing your online account. (5 character minimum, 30 character max.)
User Name:	<input type="text"/>	Name associated with your User ID.
Phone Number:	(<input type="text"/>) <input type="text"/> - <input type="text"/> Ext: <input type="text"/>	Contact number associated with User.
Password:	<input type="password"/>	Password for accessing your online account. (7 character minimum, 8 character max.)
Confirm Password:	<input type="password"/>	Re-enter the password for verification.
Email Address:	<input type="text"/>	Primary e-mail address associated with your User ID.

Your account continues to be governed by the terms and conditions agreed upon at the time of account setup. The use of the My Account functionality does nothing to negate this. [Click here](#) to view Sales and Service Agreement.

1) **CREATE MY ACCOUNT**
with My Send a Message

- OR -

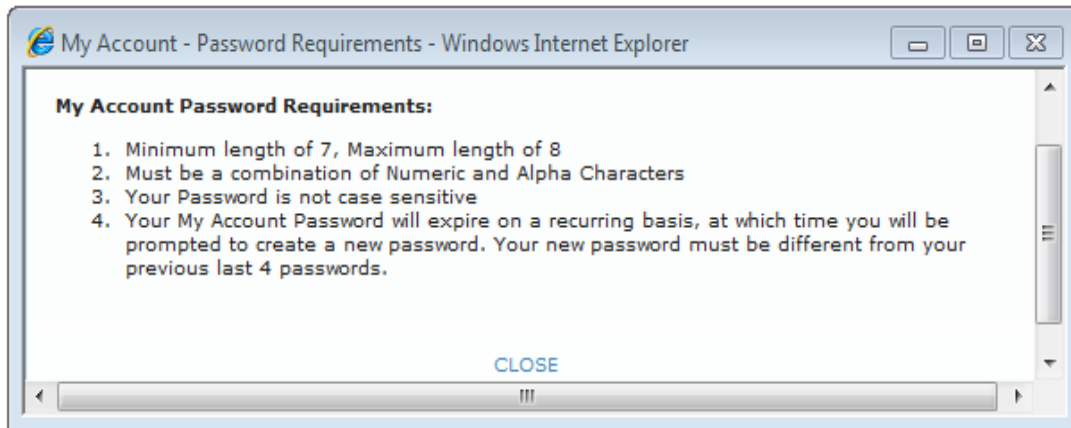

2) **CREATE MY SEND A MESSAGE ONLY**
without My Account

[CANCEL SETUP](#)Which one do I choose? ?

The user must enter all information in the requested fields. All fields within the **Login Information** screen are mandatory to create a successful User ID / Password for **My Account** or **My Send a Message** access.

There are special requirements set in place for **User ID** and **Password** fields.

- * Follow the prompt as outlined in the red font to set up the **User ID**.
- * Place the cursor over the icon as seen above for password information and click on the icon to display the **My Account Password Requirements** information screen as illustrated below.

Click **“Close”** once password requirements have been read and continue with completing all field information.

Once all fields are complete, select option 1 or 2 to complete account access setup based on the access required:

- Select **Option 1 – My Account with My Send a Message** if the user will manage the wireless account via My Account. My Send a Message access is included with My Account.
- Select **Option 2 – Create My Send a Message Only** if the user will ONLY utilize the My Send a Message application. My Account access is NOT included with the My Send a Message user login. [Click here](#) for the My Send a Message User Instructions found in this guide.

If successful, a confirmation screen will display with a prompt to log in to *My Account*.

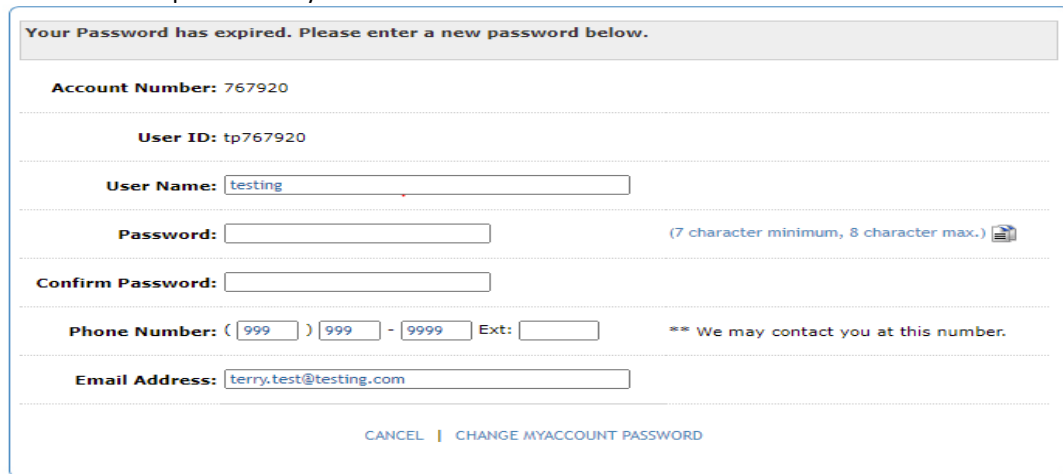

Registered users must enter their **User ID** and **Password** and then click on the login button or press the ‘Enter’ key. A successful log in will display the Main menu options screen.

Expired Password

With the implementation of the new password requirements starting on December 13th of 2009 for **My Account**, all users having a previous **User ID** and **Password** will receive the prompt to change their password in the event their password does not already contain the new requirements.

The following screen will display with the prompt that the password has expired and a new password must be created.

All fields will require an entry.

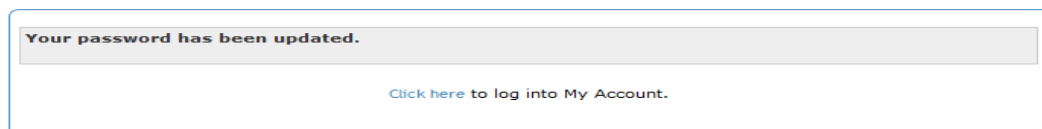

The screenshot shows a web form titled "Your Password has expired. Please enter a new password below." The form contains the following fields and elements:

- Account Number:** 767920
- User ID:** tp767920
- User Name:** testing
- Password:** (empty field) with a note "(7 character minimum, 8 character max.)" and a help icon.
- Confirm Password:** (empty field)
- Phone Number:** (999) 999 - 9999 Ext: (empty field) with a note "** We may contact you at this number."
- Email Address:** terry.test@testing.com
- At the bottom, there are two links: [CANCEL](#) and [CHANGE MYACCOUNT PASSWORD](#).

There are special requirements set in place for the **Password** field.

Place the cursor over the icon as seen above for password information and click on the icon to display the **My Account Password Requirements** information screen.

Click **Change MyAccount Password** to complete the account set up and if successful a confirmation screen will display as seen below with a prompt to log in to **My Account**. Click **CANCEL** to return to My Account Log in.

The screenshot shows a confirmation message: "Your password has been updated." Below this message is a link: [Click here to log into My Account.](#)

Reset Password

In the event the user has not accessed **My Account** for a long period of time the **User ID / Password** will become disabled. This will require the user to reinstate their password information as seen in the following illustration.

All fields will require an entry.

Your User ID has been disabled due to inactivity. Please confirm your information to reinstate your User ID.

User ID: tp696882

Email Address:

Password: (7 character minimum, 8 character maximum) 

Confirm Password:

[CANCEL](#) | [REINSTATE USER ID](#)

There are special requirements set in place for the **Password** field.
Place the cursor over the icon as seen above for password information and click on the icon to display the **My Account Password Requirements** information screen.

- * Click **"Close"** once password requirements have been read and continue with confirming the password entered.

Click **Reinstate User ID** to continue with reinstating the User ID / Password and if successful a confirmation screen will display as seen below with a prompt to log in to *My Account*.

Your User ID has been reinstated.

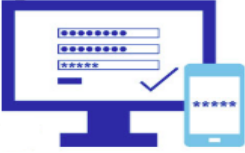

[Click here to log into My Account.](#)

Two-Factor Authentication

Two-Factor Authentication will help ensure that your login to Spok My Account is safe and secure. Upon successful login to My Account, users will be required to register for Two-Factor Authentication. Once registered, a randomly generated access code will be sent to your preferred delivery method, this access code will be necessary to complete the login process.

The following screen will display for users that have not registered for Two-Factor Authentication.

Register for Two-Factor Authentication

Why?
Two-Factor Authentication will help ensure that your login to Spok My Account is safe and secure.

How Does It Work?
Log into My Account using your current User ID and Password. You will then be asked to choose an access code by text and/or email. Enter that code and your log in will be completed.

Register

Log Out

Select **Log Out** to Skip Two-Factor Registration. The Skip Two-Factor Registration warning will display, select **Log Out** to return to My Account Log In.

Skip Two-Factor Registration

Skip Two-Factor Registration
To ensure that your login to Spok My Account is safe and secure Two-Factor Authentication will be required by 04/25/2021.

Skip Registration

To Register for Two-Factor Authentication, click **Register**. The Register for Two-Factor Authentication screen will display.

Register for Two-Factor Authentication

Steps to Register Two-Factor

1. Enter the email and or cell phone number you want to receive the access code.
Email:
Cell:
Preferred: ☐ Email ☐ Cell Phone
2. Click below to send the access code.

Send Access Code
3. Retrieve the Access Code from your email or cell phone.
Access Code:
4. Click "Register" to complete the registration process or "Cancel" to cancel the request.

Register

Cancel

Step 1: Enter the email and or cell phone number you want to receive the access code. If an email address and cell phone number are entered, select the radio button next to the **Preferred** delivery method.

Register for Two-Factor Authentication

Steps to Register Two-Factor

1. Enter the email and or cell phone number you want to receive the access code.

Email:

Cell:

Preferred: ☒ Email ☐ Cell Phone
2. Click below to send the access code.

Send Access Code
3. Retrieve the Access Code from your email or cell phone.

Access Code:
4. Click "Register" to complete the registration process or "Cancel" to cancel the request.

Register

Cancel

Step 2: Click, **Send Access Code**. The **Access Code Sent** window will display as shown below.

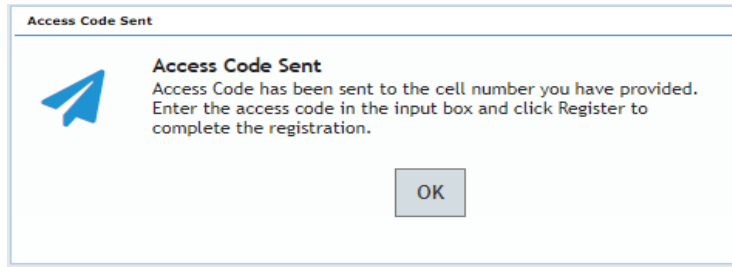

Both Email Address and Cell Phone Number:

Email Address Only:

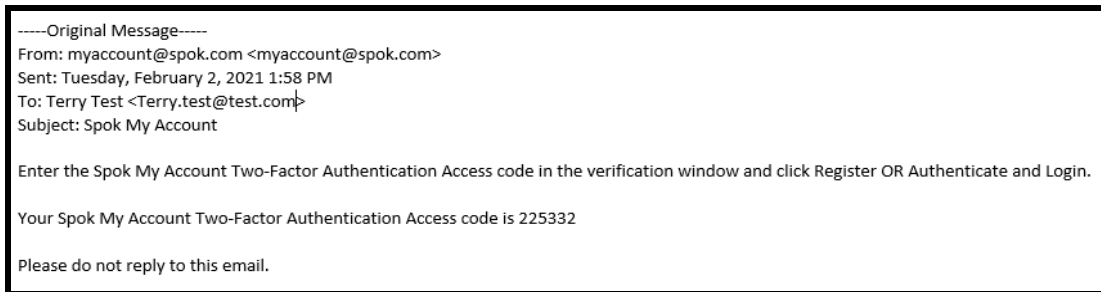

Cell Phone Number Only:

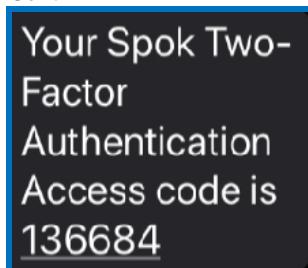

Click **OK**, to return to the Register for Two-Factor Authentication screen.

A randomly generated access code will be sent to each delivery method listed in step 1. Upon successful registration, the access code will be sent to the Preferred delivery method only.

Email:

Cell:

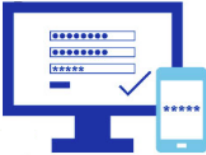

Note: Changes made to the registration information after selecting Send Access Code, will void the previous access code and require the user to select **Send Access Code** to receive a new access code.

Step 3: Retrieve the access code from your email or cell phone, enter the code in the Access Code field.

Step 4: Select **Register**, to complete registration. The Two-Factor Registration completed window will display.

Register for Two-Factor Authentication

☐ Cost Center: Cost Center

☐ Department Name: Department Name

☐ Account Number: Account N

SEARCH

- * Only one search option can be utilized at one time.
- * You can enter search information into a specific field. Click on **“Search”** to begin the search process.

Main Menu

Consists of three main sections and depending on the permission granted to your login ID, you may see some or all of the options detailed below.

The screenshot shows the 'My Account - Main Menu' page. On the left is a search criteria form with radio buttons for 'Device Number', 'Capcode', 'Serial Number', 'Holder Name', 'Device Ref 1', and 'Device Ref 2'. Each has a corresponding input field. A 'SEARCH' button is at the bottom. The center section, titled 'MY ACCOUNT', features a grid of links for 'MANAGE MY DEVICES' (including Add, Exchange, Activate, OTA, and Reports), 'MY REFERENCES' (2 Way, 1 Way Text, 1 Way Numeric User Guides), and 'READYCALL DEVICES'. The right section, 'MY BILLING DETAILS', displays account information for 'TERRY P TEST ACCOUNT' and a list of 'Account Actions' like 'MANAGE/MAKE A PAYMENT' and 'VIEW MY DEVICES'. A footer note states that all payments are handled through Billtrust.

Device Search

The left hand section of the main menu page provides a quick and easy way to jump right to the details for a specific device. You may search for a device using ONE of the search fields: *Device Number*, *PIN number*, *Capcode*, *Serial Number*, *Holder Name* or *Device Reference* field.

- Search by *device number* can be by area code, prefix, suffix, PIN or a combination of all four.
- The *Capcode* search field will allow up to 10 digits in length.
- The *Serial Number* search field will allow up to 15 characters in length.
- Search by *Holder name* will display partial matches for records that BEGIN with the entered value.
- The *Device Ref 1* search field will allow up to 20 characters in length.
- The *Device Ref 2* search field will allow up to 40 characters in length.

Click on the 'Search' link to display the results – if a single device is found, the device detail will display as shown below along with the available user options. Multiple results for the search will display in a list similar to the "View My Devices" screen.

DEVICE DETAILS	USER OPTIONS
 <p>DEVICE FEATURES</p>	<ul style="list-style-type: none"> ➤ SEND A MESSAGE ➤ EXCHANGE A DEVICE ➤ MODIFY FEATURES ➤ MESSAGE TRACKING ➤ SPOK MOBILE™ ➤ ALIAS MAINTENANCE ➤ MSG CARBON COPY/FWD ➤ RESET ENCRYPTED PASSWORD ➤ SEND A TEST PAGE ➤ RESET VOICE MAIL PASSCODE ➤ REPROGRAM DEVICE ➤ CANCEL DEVICE

Manage My Devices

The center section of the main menu provides quick access to all of your device management options! Please note that options for which the device is not currently eligible or that have not been enabled for your account or login will appear as “grayed out” in this menu. Please contact customer support with any questions or concerns.

Add a Device

The first step is to select which service type/device model you would like for the new device that will be shipped to you pre-programmed with a telephone number. Depending on the specific product portfolio included in your contract with Spok, you will be able to select from some or all of the following: Advanced Messaging (aka, “two way”), Text Messaging (aka, “alpha”) or Numeric Messaging.

Once “Add a Device” is selected from the main menu, you will be offered a selection of messaging device products from a screen similar to the one in the example below. Select the radio button next to the device type you wish to order.

ADD DEVICES TO YOUR ACCOUNT

[Choose a Device](#)

SERVICE TYPE	MODEL	
<input type="radio"/> Text Messaging	Advisor Elite Flex	
<input type="radio"/> Text Messaging	Bravo 802 Flex	
<input type="radio"/> Numeric Messaging	Bravo 502 Flex	
<input type="radio"/> 2-Way Messaging	Sun Telecom ST902 2way RF	

The next step as illustrated below is to indicate your choice to purchase or lease the new device(s) if allowed per your contract with Spok. Select the appropriate option from the drop down menu.

ADD DEVICES TO YOUR ACCOUNT

[Choose a Device](#)

SERVICE TYPE	MODEL		OWNERSHIP
<input type="radio"/> Text Messaging	Advisor Elite Flex		<div style="border: 1px solid black; padding: 2px;"> --Select-- --Select-- Purchase Lease </div>
			Monthly Charges: \$0.00

If the Purchase option is selected, the device cost will display directly above the Monthly Charges.

OWNERSHIP	
Purchase ▼	
Device Cost:	\$25.00
Monthly Charges:	\$0.00

Once the ownership option is selected, the screen display will guide you through selection of the package(s) options available for the selected device.

NOTE: If coverage area selection is permitted, the coverage area MUST be selected before other package options will display.

Choose a Device	
<u>SERVICE TYPE</u> Text Messaging	<u>MODEL</u> Advisor Elite Flex
	
<u>OWNERSHIP</u> Lease ▼	
Monthly Charges: \$0.00	

<u>Coverage</u>	
<input type="radio"/> New York Tri-State	No Additional Charge
<input type="radio"/> Upstate / Western NY	No Additional Charge
<input type="radio"/> New York Statewide	No Additional Charge

<u>Contract Type</u> Monthly	Device Cost
<u>Domain</u> usamobility.net ▼	Monthly Charges: \$0.00
	QTY: 1 UPDATE
	Total Charges: \$0.00
This amount does not include taxes, surcharges, or shipping fees.	
Add/Edit Device Reference	
Information Services: News, Weather, Sports, etc. are available for this device at no extra charge. <input checked="" type="radio"/> Yes <input type="radio"/> No	
CONTINUE	

Once coverage area is selected, additional package options will display as shown below. If multiple package options are allowed per your contract with Spok, the options will display as available for selection in this screen. Options for selection may include one or more of the following: Coverage, Usage Plan, Optional Features, Device Maintenance and/or Pager Number type. Items that display the "edit" icon to

the far right may be modified. In the example below, the user may modify the coverage and device maintenance options only.

Coverage	Upstate / Western NY	No Additional Charge	
Usage Plan	5000 Messages Per Month	No Additional Charge	
Optional Features	Canned Greeting/30sec	No Additional Charge	
Device Maintenance	<input type="radio"/> Device Protection 	No Additional Charge	
	<input type="radio"/> Without Device Protection	No Additional Charge	

Once the package selections are complete, the display will include selection for Pager Number type for the new device(s). Number selection may be limited to a preferred calling area number, toll free number and/or PIN depending on your contract with Spok and number availability for your selected device and package options.

Coverage	New York Tri-State	No Additional Charge	
Usage Plan	5000 Messages Per Month	No Additional Charge	
Optional Features	Canned Greeting/30sec	No Additional Charge	
Device Maintenance	Without Device Protection	No Additional Charge	
Pager Number Type	<input type="radio"/> Preferred Calling Area	No Additional Charge	
	<input type="radio"/> Personal Toll-Free	No Additional Charge	

- Selection of Preferred Calling Area will then prompt you to enter a preferred area code.

Pager Number Type	Preferred Calling Area, Area Code: <input type="text"/>	No Additional Charge	
-------------------	---	----------------------	---

The display will then change to a drop down menu of available area code and prefix combinations for the entered area code. In this example: 215 area code has 4 prefixes available. Select the area code/prefix combination from the drop down menu to continue. If no numbers are available for the entered area code, you will be prompted to select another area code.

Preferred Calling Area, Area & Prefix:	<input type="text"/> <div>  </div>
	<div> <div>215-265</div> <div>215-363</div> <div>215-577</div> <div>215-900</div> </div>

- Selection of a Personal Toll-Free will display a drop down menu of available toll free area codes as shown below. Note: Prefix selection is not available for personal toll-free numbers.

In the last section of the screen, indicate the QTY of units to be ordered in the field on the right hand side as shown below in RED. Enter the quantity and click the UPDATE link. The Device Cost, Monthly Charges and Total Charges values will update to reflect the total units on the order.

The following options may be available for selection in this section:

- **Contract Type** – if your account has established cost center or departmental billing, a drop down menu of available cost centers/departments will display as shown above. If no selection is made, an error message indicating contract selection is required will display when trying to submit the order.
- **Domain** - Select preferred domain for text messaging devices from drop down menu or leave as is for default domain of 'usamobility.net'.
- **Add/Edit Device Reference** - includes holder name and/or device reference fields 1 and 2 for accounts that elect to utilize these reference fields. If quantity ordered is greater than 1, separate reference fields will display for each device as shown below:

- Information Services – available for text messaging and two way devices only.
- Click **CONTINUE** at the bottom right corner. The Shipping Information field will display to allow selection of a saved shipping address or to enter a new address.

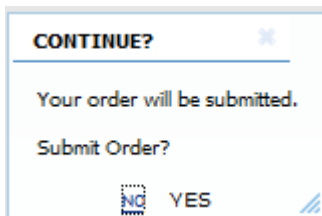

NOTE: Only physical addresses will be displayed, no post office boxes will be displayed.

Shipping Information 

--Select--(Mouse over for detail) ▼

Once the Shipping address has been entered, click the SUBMIT ORDER link at the bottom right corner. You will be prompted to **Continue**:

PLANO, TX Zip: 75074 - 7488

Your order will be processed/shipped within two business days depending on when it was ordered and if we have the device you've requested in stock. You will also receive an email confirmation of the order submission and another email when the order has been shipped that contains the UPS delivery tracking number.

Exchange Device

There are three types of exchanges that can be done via My Account – even exchange, upgrade exchange and spare exchange. From the Manage Devices menu, select Exchange Device and a list of your devices will appear.

NOTE – With an even exchange or an upgrade exchange, when you receive the new device you will have the ability to activate the replacement on line via My Account as well. That option is discussed in the next section of this guide.

NOTE: If message forwarding is activated on a device, the forwarding must be removed prior to ordering shipment of a replacement device. If exchange to a spare will retain the same pager number, forwarding will be retained on the new device. If the exchange involves a number change, forwarding will be removed upon activation of the new device.

NOTE: Spok Mobile only service (no paging device) is now eligible for device exchange and will display in the Spok Mobile Device list for selection. Spok Mobile w/Device service is eligible for EVEN Order Exchange or LIKE Spare Exchange only but phone number selection is NOT allowed. Spok Mobile service must be removed in order to process a pager number change.

Depending on the size of your account, it may be more convenient to use the Search options (located at the top of the page) or the Sort options for the following columns: Device Number, Capcode, Serial Number and Holder Name.

Select the device you wish to exchange from the list below.
SEARCH for a specific device.

Sort By Device Number

Clicking on **Device Number** will sort all device numbers by area code.

Sort By Capcode

Clicking on **Capcode** will sort all capcodes for the devices in numerical order.

Sort By Serial Number

Clicking on **Serial Number** will sort all serial numbers for the devices in numerical order.

Sort By Holder Name.

Clicking on **Holder Name** will sort all Holder names in alphabetical order

You can select a specific device by clicking on the device telephone number to display the exchange selection screen as illustrated below.

DEVICE FEATURES

HolderName: EMP ACCOUNT TESTING ONLY

Device Number: (800) 200 - 3702

PIN: 0000000

Svc Type: 2-Way Messaging

Coverage: NationWide Coverage

Capcode: 1075823

Frequency: 940.0250MHz

Model: Talkabout T900

Email Domain:

Features: Message CC:, Toll Free Number, Advanced Read Receipt

Monthly Rate: \$0.00

Number of included calls/characters are based upon the plan selected with your initial purchase

Exchange Device: (800) 200-3702

- EVEN EXCHANGE**
Select this option if your current device is lost or malfunctioning and you want to order a similar replacement device. Your replacement device will provide the same functionality, however, it may be necessary to fulfill your order with a comparable model.
- UPGRADE EXCHANGE**
Select this option if you want to order a replacement device that is different from your current device or your current service. You will be provided selection options for service types, coverages and pricing packages.
- SPARE EXCHANGE**
Select this option if you want to transfer existing service from your current device to a spare device. If your spare device is different from the device that is being replaced, you may be prompted to make selections pertaining to available coverage, phone number, and service options.

EXCHANGE REASON: ---- Select ----

[CANCEL](#) | [CONTINUE](#)

Once you have confirmed the device is correct, the next step is to determine which type of exchange you need. If you select the first or second category of exchange/swap, Spok will ship the new replacement device to you. Remember to ship back the old, broken, out-of- service device to Spok so that we may update your account records. If your organization participates in our spare device program, you may select the last option and utilize spare devices from your stock to replace old, broken or out of service devices.

Depending on the specifics of your contract with Spok, the exchange options displayed above may vary.

Finally, you'll need to select the reason for the exchange transaction from the drop down menu illustrated below and Click Continue to proceed.

EXCHANGE REASON: ---- Select ----

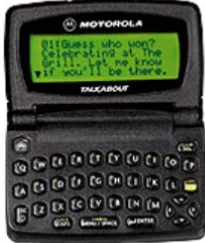

- Select ----
- Change Device Model
- Device Malfunction
- External Device Damage
- Lost/Stolen Device
- Not Receiving Or Sending Pages

Click the corresponding link below for additional instructions to complete your selected exchange type:

- [Even Exchange](#)

PLANO, TX Zip: 75074 - 7488

Click on the "Click HERE to print a return label" to access the Return Label Instructions and the Device Return Form. You may print the summary of the exchange transaction page to retain for your records.

Upgrade Exchange

The second category of exchange is for an upgrade; typically this will include an increase in monthly airtime charges as well as a new device that will be shipped. During this upgrade exchange process you will be prompted to select the new type of service (numeric, alphanumeric or two-way) as well as the type of coverage (local, statewide, regional or nationwide), usage plan and/or optional features and device maintenance. You will also be prompted to either keep your current number during the exchange or to assign a new pager number for the new device.

NOTE – Message Forwarding MUST be removed from the device prior to ordering. Message Carbon Copy may remain on the device during the exchange.

For an Upgrade Exchange, product/service and option selection will follow the similar process for ordering a new device. [Click here](#) for further instructions found within this guide.

Spare Exchange

The final category of exchange is using a spare device if your organization qualifies for and participates in the spare device program. Once Spare Exchange option and Swap Reason has been selected, click Continue to proceed. A list of your available spares will appear as shown below.

To select one, click on its capcode or serial number. Devices that are the same type as the existing device will be indicated with “LIKE” in the exchange column. Upgrade/Downgrade options are indicated as “UNLIKE”.

Remember, when performing a spare exchange transaction, the new into service device will be sent a test page to complete the transaction so remember to put a battery into it and that it’s in the “on” position.

Select the capcode or serial number from your spare device to begin the exchange.

Activate a Replacement

This option is to complete an exchange transaction once you received the replacement device via UPS. This menu option is not for use to initiate an exchange – it's meant to activate the replacement device once you receive it. It will be sent to you un-programmed. You can contact Customer Support to process the exchange or you can select this My Account menu option and complete the exchange online yourself.

Select the device telephone number that you ordered the exchange for by clicking on the number in the left column as illustrated below. Depending on the size of your account, it may be more convenient to use the Search options (located at the top of the page) or the Sort options for the following columns: Device Number, Capcode.

Select the device you wish to activate from the list below.
 [SEARCH](#) for a specific order.

		SUBMIT ORDER

If Spok Mobile management is enabled for your account, the Spok Mobile selection option will display once the Pager Number has been selected. Click the **Edit Spok Mobile Info** link **Device Email** address for the user's Smart phone as shown below. Click **Add Spok Mobile** to continue or **CANCEL** to return to the **Activate Your Spare Device** page.

Spok Mobile™ 

[LEARN MORE ABOUT SPOK MOBILE™](#)
Edit the text fields below to add or modify Spok Mobile™
Device Email:
Status:

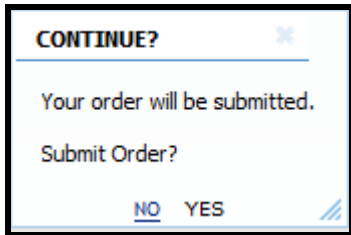

[ADD SPOK MOBILE™](#)

An email will be sent to the email address you provided that includes a link to download the application and a Registration User ID and Password. Access this email from your smart phone device and click the Download link. Once you have downloaded the application, Register by entering your User Name and system generated Password when prompted. Once registered, you will begin receiving messages on your Pager and your Smartphone.

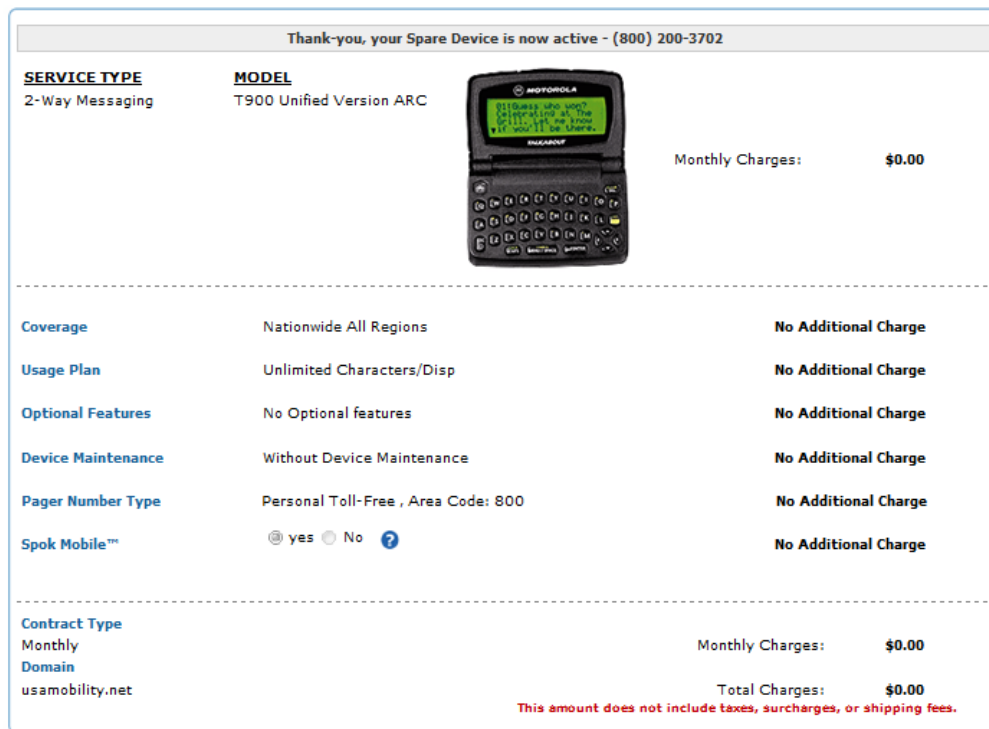

NOTE: Spok Mobile™ works as a feature with your existing paging service. Cancellation of pager will also result in termination of the Spok Mobile™ service.

[CANCEL](#)

Once all available selections have been made, click **SUBMIT ORDER** to continue. You will be prompted to confirm activation of the device:

Select **NO** to remain on the activate spare device screen. Select **YES** to activate and send a test page to the device. The following confirmation screen will display the new pager phone number assigned to the device.

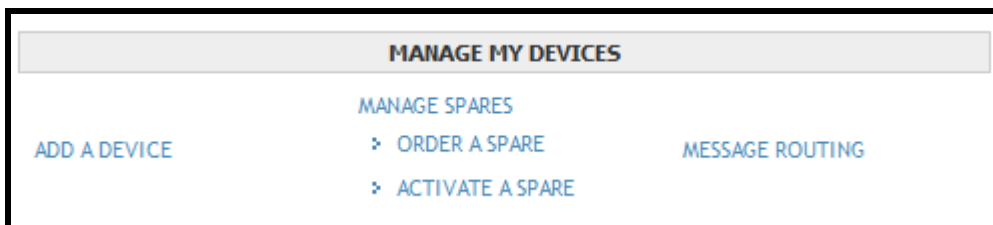

SERVICE TYPE	MODEL	
2-Way Messaging	T900 Unified Version ARC	
		Monthly Charges: \$0.00
Coverage	Nationwide All Regions	No Additional Charge
Usage Plan	Unlimited Characters/Disp	No Additional Charge
Optional Features	No Optional features	No Additional Charge
Device Maintenance	Without Device Maintenance	No Additional Charge
Pager Number Type	Personal Toll-Free , Area Code: 800	No Additional Charge
Spok Mobile™	<input checked="" type="radio"/> yes <input type="radio"/> No ?	No Additional Charge
Contract Type	Monthly	Monthly Charges: \$0.00
Domain	usamobility.net	Total Charges: \$0.00

This amount does not include taxes, surcharges, or shipping fees.

If Spok Mobile was selected for the new device, the user will receive an email with further instructions to download and register the Spok Mobile application on their Smartphone.

To order spares for your account, click the Order a Spare link.

MANAGE MY DEVICES

[ADD A DEVICE](#)

[MANAGE SPARES](#)

- [ORDER A SPARE](#)
- [ACTIVATE A SPARE](#)

[MESSAGE ROUTING](#)

Select the messaging type/device model for the spare devices you intend to order. Depending on your contract with Spok, your options for spare devices may differ from those shown below:

The screenshot shows a web interface titled "ORDER SPARE DEVICE". Below the title is a link "Choose a Device". The main content area has two columns: "SERVICE TYPE" and "MODEL". There are four rows of device options, each with a radio button, a service type, a model name, and a device image.

	SERVICE TYPE	MODEL	
<input type="radio"/>	Text Messaging	Advisor Elite Flex	
<input type="radio"/>	Text Messaging	Bravo 802 Flex	
<input type="radio"/>	Numeric Messaging	Bravo 502 Flex	
<input type="radio"/>	2-Way Messaging	Sun Telecom ST902 2way RF	

In this example, we will order spare text messaging devices. Once the messaging type/device model is selected, a screen similar to the following will display.

You may be prompted to select a coverage area for the spare device. **NOTE:** Coverage will not be assigned to the spare device, but is needed to ensure that the new device can be activated within the intended coverage area.

Enter the Quantity of units you wish to order and indicate whether you wish the devices to be programmed with Information Services.

View My Device(s)

In the View Devices menu option, you'll be able to view a complete list of all devices on your account as well as the device numbers, pin numbers (if applicable), capcodes, holder names, device reference #1 and device reference #2 (helpful to track cost centers, purchase order #s, department names, etc). Depending on the size of your account, it may be more convenient to use the Search options (located at the top of the page) or the Sort options for the following columns: Device Number, Capcode, Serial Number, Holder Name, Device Reference 1, and Device Reference 2.

To View Details, SELECT the Device Number. To Edit Reference Information for a single Device Number, Click Edit & Save. To Edit Reference Information for multiple Device Numbers, Click the Check Box for all records that you want to update then Mass Edit Link.

SEARCH for a specific device.

Click the prompt **SEARCH** to locate a specific device using the following search window.

SEARCH

Choose one search criteria and populate the corresponding field below.

☐ Device Number: () - PIN

☐ Capcode: Capcode

☐ Serial Number: Serial Number

☐ Holder Name: Holder Name

☐ Device Ref 1: Device Reference #1

☐ Device Ref 2: Device Reference #2

CLOSE | SEARCH

This feature will allow you to search for a specific device by *Device number*, *PIN number*, *Capcode*, *Serial Number* or *Holder Name*.

- When conducting a search by *device number*, the user can search by the area code, prefix, suffix, PIN or a combination of all four.
- When conducting a search by *Holder name*, the user must enter the *holder's* name. (Partial matches for records that BEGIN with the entered value will display.)
- When conducting a search for a device by *Capcode* the search field will allow up to 10 digits in length.
- When conducting a search for a device by *Serial Number* the search field will allow up to 15 characters in length.
- When conducting a search for a device by *Device Ref 1* the search field will allow up to 20 characters in length.
- When conducting a search for a device by *Device Ref 2* the search field will allow up to 40 characters in length.

You can enter search information into a specific field to conduct a search for specific unit(s). Click on 'Search' to begin the search process.

Edit Device Info

To modify data in the Holder Name, Device Reference 1 or Device Reference 2 columns, you may either select a single device to edit or multiple devices for "mass edit". In order to minimize potential errors, a "mouse over" tooltip has been added for these fields during edit mode to indicate any specific format or data requirements (device reference field masking) established for the account.

- **Single Update:** Click the EDIT link to the right of the single line item to be modified. The Holder, Device Reference 1 and Device Reference 2 fields will become accessible for

modification as shown below. Click the SAVE link to keep the updates. Click **CANCEL** to return to the View Devices screen without saving changes.

To View Details, SELECT the Device Number. To Edit Reference Information for a single Device Number, Click Edit & Save. To Edit Reference Information for multiple Device Numbers, Click the Check Box for all records that you want to update then Mass Edit Link.

SEARCH for a specific device.

Alias Maintenance

Will allow you to substitute the numeric portion of a wireless device's email (domain) address (i.e., 8005551212@archwireless.net, 8005551212@my2way.com, 8005551212@usamobility.net or 8005551212@airmessage.net) with text (i.e., name@archwireless.net, name@my2way.com, name@usamobility.net or name@airmessage.net). The phone number portion is still active but the text email address may be easier to remember.

This function provides the ability to view and maintain the device domain and up to four (4) usernames (aliases) for the devices (domain specific) within the My Account application.

The alias cannot be duplicated within any of the following SPOK company domain address: archwireless.net, my2way.com, airmessage.net and usamobility.net. While usamobility.net is the default domain, you may select a different domain from the domain drop down menu when editing the alias for a device.

Select the Alias Maintenance menu option

The screen will display up to 100 device numbers.

To Edit Alias Name for a single Device Number, Click Edit & Save. To Edit Alias Name for Multiple Device Numbers, Click the Check Box for all records that you want to update then Mass Edit Link.

SEARCH for a specific device.

Search

To search for a specific alias by Device number, Device Number plus PIN, Holder Name, or Alias, choose the “Click here” prompt and insert the search criteria.

Search requirements:

- Select and enter only one criterion for each search.
- When searching by the device number, the number must be a complete (10 digit) device number.
- When searching by the device number plus PIN, the number must be a complete (10 digit) number plus PIN.

SEARCH

Choose one search criteria and populate the corresponding field below.

☐ Device Number: () - PIN

☐ Holder Name:

☐ Alias:

CLOSE | SEARCH

NOTE: During Alias Edit, a warning message prompt will appear when the current My Account session is about to expire. Select Y to reset the session timer for an additional 30 minutes. Not responding or selecting N will allow session to expire; you will need to log back in and rekey any changes.

You may either select a single device to edit or multiple devices for “mass edit” of the device domain or alias(s). If one or more aliases are assigned to a device, one alias must be selected as the “preferred” alias. The preferred alias will be indicated by the black check mark as seen in the illustration below. To change the preferred alias, simply click the check mark next to the intended alias.

- **Single Update:** Click the EDIT link to the right of the single line item to be modified. The domain and 4 alias fields will become accessible for modification as shown below. Click the SAVE link to retain the updates. Click **CANCEL** to return to the View Devices screen without saving changes.

(888) 200-8642	999999999	EMP KENNETH SMITH	usamobility.net	test45	✓	SAVE CANCEL
					✓	
					✓	
					✓	

- **Mass Edit:** Select the devices to be updated by clicking the checkboxes to the right of each device to be selected for update - OR – select the checkbox found to the immediate right of the column header for SINGLE UPDATE to select ALL records on the page. Click the MASS EDIT link at the bottom of the screen. The records selected for update will be displayed with the domain and 4 alias fields accessible for modification as shown below.

DEVICE NUMBER	PIN	CAPCODE	HOLDER NAME	ALIAS DOMAIN	ALIAS	
(888) 200-8642	999999999		EMP KENNETH SMITH	usamobility.net		✓

Message Routing

The **MESSAGE ROUTING** option will be accessible to authorized users from the main menu. Click on the MESSAGE ROUTING link to access the Message Carbon Copy/Message Forward and Multi-Messenger group management options as shown below.

Message Carbon Copy/Message Forward

This option will allow you to have practically any of your wireless device's messages copied or forwarded to another wireless device or an email address (note – there are some exceptions, please speak with Customer Support to determine if there are units on your account not capable of this service). Selecting MSG Carbon Copy/Fwd will display a listing of all devices that are eligible for this service.

NOTE: Selecting a Spok Mobile service record will display the edit fields for Message Forward only since Spok Mobile service is not eligible for Message Carbon Copy.

To update Message Carbon Copy and/or Message Forward addresses, select the Modify link below for the device number you want to change.

 [SEARCH](#) for a specific device.

Note: "ON" indicates that messages are currently being Carbon Copied or Forwarded to the designated address. "Inactive" in the MSG Cc column indicates that although carbon copy address exists, messages are currently NOT being copied to the Cc address because Message Forwarding is enabled. "OFF" indicates that secondary address for Carbon Copy and/or Forwarding does not exist.

By clicking the **VIEW/MODIFY** link to the right of the line item to add or modify the Message Carbon Copy or Forwarding addresses.

Click the **Update** link to the right of the added or modified address to save changes. A single device can have up to 3 carbon copy recipients (one wireless device and 2 email addresses). Message forwarding allows for only recipient but can be a wireless device or email address. Please note that if you copy one device's messages to another device, both devices will be responsible for the monthly call/message counts. With Message Forwarding, only the recipient device receives the messages. Messages will no longer be received on the primary device.

Check the **Delete** box next to a carbon copy or forwarding address you wish to remove from the device and click UPDATE.

Note: An additional charge may be applied for this service

If the transaction is successful the Message Carbon Copy/Forward screen will display a confirmation message that the record(s) were processed and information has been updated. Click **CANCEL** to close the edit view for a device. Click the VIEW/MODIFY link to view the addresses of another device.

If Message Carbon Copy and Forwarding are both active on the device, Message Carbon Copy will be suspended until Forwarding is removed. The status will indicate “inactive” in the MSG Cc status column.

Multi-Messenger Group

The Multi-Messenger Group Management option allows authorized users to self-manage their Multi-Messenger groups. Once activated, users will be able to perform the following transactions:

Create New Groups

Modify Existing Groups, including:

- Add New Group Members
- Delete Group Members
- Update Group Name
- Delete a Group

Create New Group

Step 1: From the Manage Devices menu, select MESSAGE ROUTING, then MULTI-MESSENGER to access Group List View below.

Your existing Groups are listed below
[SEARCH](#) for a specific device.
 [ADD NEW GROUP](#)

<< <PREV 1 NEXT> >>
 Page 1 of 1 | Page#: [GO](#)

DEVICE NUMBER	PIN	HOLDER NAME	ACTION
(888) 200-8447		TRAINING	VIEW/MODIFY

<< <PREV 1 NEXT> >>
 Page 1 of 1 | Page#: [GO](#)

Step 2: Click the **ADD NEW GROUP** link in the upper right corner of the Group List View to activate a new group. If this link is not activated, please contact customer service for assistance.

Follow the simple steps below to Create a New Group

1 Select the Contract or corresponding Bill Frequency: Monthly

2 Select a number type for this new Group Leader:

☐ Preferred Calling Area
☐ Personal Toll-Free

3 Add group member #1: () - **PIN:** or [BY EMAIL](#)

4 Add group member #2: or [BY PAGER](#)

5 [Add Edit Device References](#)

[CREATE NEW GROUP](#)

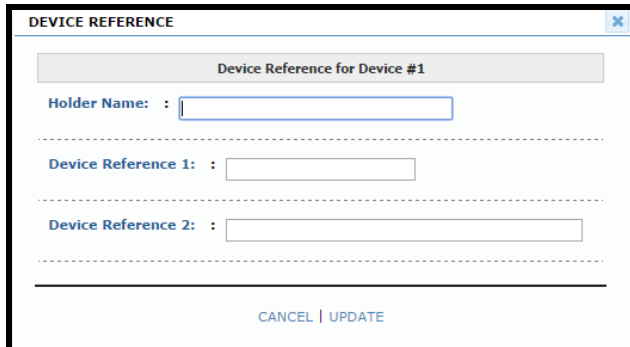

Step 3: Item 1: Select the Contract and/or Billing Frequency from the drop down menu. In this example, no other options exist.

Step 4: Item 2: Select the type of pager number for the new group. Number selection may be limited to a preferred calling area number, toll free number and/or PIN depending on your contract with Spok and number availability.

- Selection of Preferred Calling Area will then prompt you to enter a preferred area code and then display the selection of available prefixes for that area code.
- Selection of a Personal Toll-Free will display a drop down menu of available toll free area codes. Note: Prefix selection is not available for personal toll-free numbers.

Step 5: Items 3 & 4: Enter the Pager Number or Email address for each follower. Please note that two followers must be added to the group during this step. Default entry for these fields is by Pager Number. To enter a user's email address, click the BY EMAIL link for that entry. Click the link again to toggle back to entry by Pager number. Additional followers may be added after the group is created.

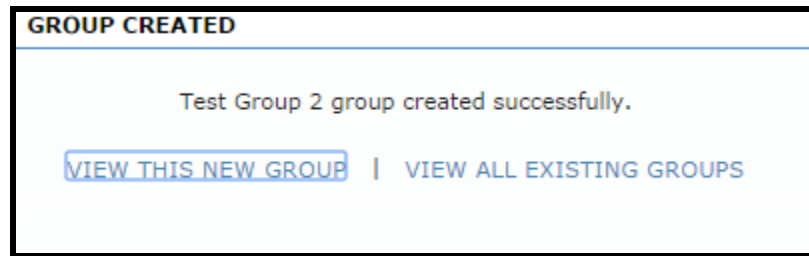

Step 6: Click the **Add Edit Device Reference** link to enter a group (holder) name and/or enter specific device reference information. (Accounts with active ARMM Masking may be required to complete additional fields. [Click Here](#) for note about ARMM.)

The screenshot shows a modal window titled "DEVICE REFERENCE" with a close button in the top right corner. Inside the modal, there is a header "Device Reference for Device #1". Below this, there are three input fields: "Holder Name:" followed by a text box, "Device Reference 1:" followed by a text box, and "Device Reference 2:" followed by a text box. At the bottom of the modal, there are two buttons: "CANCEL" and "UPDATE".

Step 7: Click **Create New Group** button to create the new group or **Previous Screen** to go back to the Group List View.

If the group is successfully created, you will receive confirmation that the group set up is complete as shown below.

The screenshot shows a confirmation message box titled "GROUP CREATED". The message inside says "Test Group 2 group created successfully." Below the message, there are two buttons: "VIEW THIS NEW GROUP" and "VIEW ALL EXISTING GROUPS".

At this stage, the group creation process is complete. You may select to either View the new group or the entire Group list view.

Modify Existing Group

Add Group Members

Step 1: From the Manage Devices menu, select **MESSAGE ROUTING**, then **MULTI-MESSENGER** to view the group list.

Your existing Groups are listed below
[SEARCH](#) for a specific device. [ADD NEW GROUP](#)

<< <PREV 1 NEXT> >> Page 1 of 1 | Page#: [GO](#)

DEVICE NUMBER	PIN	HOLDER NAME	ACTION

(888) 200-8447		TRAINING	VIEW/MODIFY

<< <PREV 1 NEXT> >> Page 1 of 1 | Page#: [GO](#)

NOTE: If multiple groups exist, the **SEARCH GROUPS** function can be used to search for a specific group by Group Leader Number, Group Leader Name, Member Device Number or Member Email Address. You may also sort the list by Device Number or Group Name by clicking the applicable column name.

Step 2: Select the group to edit by clicking the **VIEW/MODIFY** link to the right of the desired group.

Step 3: Type in the pager number of the new group member in the Add group member field then click the large green **+** symbol to the right of this field. You may enter a member by email address instead by clicking the **BY EMAIL** link.

NOTE: Multi-Messenger groups can hold up to 100 followers. You may add as many pager number members or email address members as you wish, up to the 100 member limit.

Modify group name, view/delete existing members or add new members

Step 4: If you DO NOT want to delete this group, then click **NO** to cancel the request and exit the Group Edit View. You must confirm your intention to delete the entire group by checking the box on the last line and clicking **YES**.

Confirmation of the group deletion will appear as shown below. You may go to the main menu or return to the Group View page.

Note about ARMM

If the account has an active ARMM (Account Reference Maintenance Mask), the user will be prompted to input required device reference information during **Add New Group** and **Update Group Name** processes. Variances in the instructions for ARMM Masking are explained below. All other instructions remain the same.

Create New Group:

Since a group leader pager number is activated during the group creation, any required device reference information must be captured during the creation process.

Please note that the link for Add Edit Device References link will appear below the Add Group Member fields as shown below. Clicking this link will prompt the device reference window to display to enter applicable references (depending on masking requirements) and will display account-specific mask details for each field.

The following is an example only. Device reference details will vary by account:

Follow the simple steps below to Create a New Group

- 1 Select the Contract or corresponding Bill Frequency: Monthly

- 2 Select a number type for this new Group Leader:

☐ Preferred Calling Area
☐ Personal Toll-Free

- 3 Add group member #1: () - **PIN:** or [BY EMAIL](#)

- 4 Add group member #2: or [BY PAGER](#)

- 5 [Add Edit Device References](#)

[CREATE NEW GROUP](#)

Message Tracking

This menu option will allow the authorized user to view and track two-way and Spok Mobile message status history.

Message content details *are not* available and there is a thirty-day current timeline in which the online message status history can be viewed.

The My Account user will have the ability to run a report by device phone number that will only include the device number, the message timestamp of date/time-sent/delivered, direction of the message and the message sequence number.

When choosing the **Message Tracking** menu option from the **Main Menu**, the Selection screen will display with a prompt to select the applicable pager number along with a specific date range to track the message history as seen in the following illustration on the next page.

NOTE: Only 100 records will display at one time. The total number of in-service devices along with the number of pages that can be viewed will display at the bottom of the screen.

To track message status history:

- Click in the applicable box provided for the device / pager number on the far right part of the screen.

- Scroll to the bottom part of the screen to specify the date or date/time range combination. **NOTE:** If a date / time is not entered then all sent message records for the selected pager number within the last thirty day time-line will display.

Select the pager number(s) for which you want to Track Messages for a specific Date Range.

EXPORT

The device number / Pin will display with the following:

Message Sequence – A number assigned by the system that applies to messages sent **‘To’** the device, **not ‘From’**.

Direction of Page – Applies to the direction of the message **‘Sent to’** or **‘From’** the device.

Date / Time Sent – Applies to the date and time stamp that the message was sent **FROM** the device.

Date / Time Delivered – Applies to the date and time stamp that the message was sent **TO** the device.

NOTE: Messages **FROM** the device will not display a Message Sequence number for a Date/Time Delivered. The message sequence only applies ‘To Date/Time Sent’.

Duplicate Device Selections:

When selecting multiple device numbers to track message status the following screen will display:

- Click **Export**

- Click **Open**

A .csv (Comma Delimited file) will open with the message status details for each selected device number as seen within the sample below.

Device Number	Pin	Holder Name	Message Sequence	Direction of Page	Date/Time Sent	Date/Time Delivered	Date/Time Read

Spok Mobile

Spok Mobile allows for messages sent to Spok pager numbers go right to a person's smartphone. Smartphone users simply download an app to connect to the software, which is hosted and maintained by Spok Wireless. All of this is accomplished without changing the way messages are sent or updating pager numbers. In addition, charges appear on your Spok Wireless statement for ease of administration and billing.

The Spok Mobile management option in My Account will allow you to perform the following transactions:

Add New Spok Mobile Device

View/Modify Existing Devices

- Update Device Email Address
- Resend Registration Email
- Remove Spok Mobile Feature for existing eligible pager numbers on your account.

Swap from Spok Mobile Only service (no paging device)

Please contact Customer Support to enable this option for your account.

Select **Spok Mobile** from the Main Menu to display a listing of all devices that are eligible for this feature or to Add a new Spok Mobile Device to your account.

Add New Spok Mobile Device

Click on the ADD NEW SPOK MOBILE DEVICE link in the right corner of the Spok Mobile List to create a new Spok Mobile Device. If this link is not activated, please contact customer service for assistance.

Follow the simple steps below to Create a New Spok Mobile™ Device

1 Select the Contract or corresponding Bill Frequency: Monthly

2 Select a number type for this new Spok Mobile™ device:

☐ Enter a pre-assigned phone number

☐ Preferred Calling Area

3 Device Email:

4 [Add Edit Device References](#)

CREATE NEW SPOK MOBILE™ DEVICE

Item 1: Select the Contract and/or Billing Frequency from the drop down menu. In this example, no other options exist.

Item 2: Select the type of pager number for the new group. Number selection may include entering a preassigned phone number or selecting a preferred calling area number/toll free number and/or PIN depending on your contract with Spok and number availability.

- Selection of Enter a Pre-assigned phone number will then display fields to enter the number
- Selection of Preferred Calling Area will then prompt you to enter a preferred area code and then display the selection of available prefixes for that area code.
- Selection of a Personal Toll-Free will display a drop down menu of available toll free area codes.

NOTE: Prefix selection is not available for personal toll-free numbers.

Items 3: Enter the email address for the user's Smartphone in order for the user to receive the registration email with the link to download the app.

Item 4: Click the **Add Edit Device Reference** link to enter a group (holder) name and/or enter specific device reference information. (Accounts with active ARMM Masking may be required to complete additional fields. [Click Here](#) for note about ARMM.)

My Send a Message

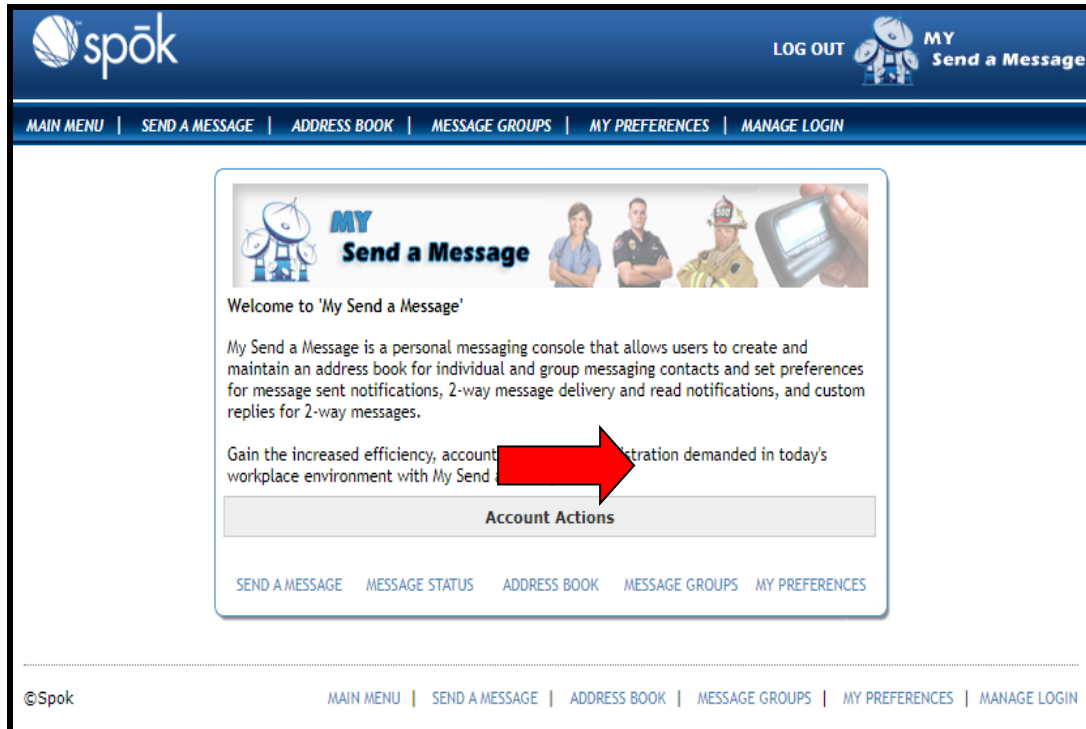

My Send a Message is a personal messaging console providing access to SPOK's Send a Message application from within My Account with the added ability to create and maintain an address book for individual and group contacts comprised of valid SPOK paging subscribers. The My Send a Message console also allows users to customize their message notification preferences and 2 way messaging options.

My Send a Message is also offered as a standalone application for users who may need to send messages to SPOK subscribers regularly but do not manage the wireless account. My Send a Message Only user access is established online via the My Account Registration process.

My Account users will access My Send a Message from the main My Account menu:

My Send Message Only users will log in to My Send a Message from the My Account login page: <https://myaccount.usamobility.com/>. Two-Factor Authentication will be required to continue to My Send a Message Main Menu. [Click Here](#) to view further instructions regarding Two-Factor Authentication.

Please note the Send a Message option may be utilized without creating an address book or message groups. The recipient pager number, alias, or pin number for recipients may be entered manually as one-time addresses if no address book entries have been created.

Each My Account or My Send a Message user will access their own personal Address Book and Message Group list. Address Books and Message Group lists are not shared within the account.

Address Book

The Address Book is used to store Spok subscriber contacts by 10 digit pager number, alias, or by 7 digit pin. The subscribers in the address book must be eligible to receive messages via the Send a Message site.

There is no limit for number of contacts that may be added or maintained in the Address Book.

Create Address Book

- Access the Address Book link from My Send a Message Main Menu or Account Actions Menu

There are no entries in your Address Book.
Click Add New Contact to create your Address Book.

ADD NEW CONTACT 

Contact Name	Address Type	Address	Action

Delete Contact?

Delete contact from address book

Yes

No

NOTE: Deleting a contact from the Address Book will also delete the contact from all Message Groups.

Message Groups

Users may elect to create messaging groups comprised of existing address book members within My Send a Message. This feature allows users to create and manage lists of subscribers so that multiple recipients can be selected more quickly as a single group when sending messages.

NOTE: Message Groups may be described as personal distribution lists as opposed to paging groups established in the SPOK billing system for account-wide use such as Common

Capcode or Multi-Messenger Groups. Message Groups are only accessible to the My Send a Message user that created the groups.

There is no limit to the number of messaging groups that can be created within My Send a Message, but each messaging group has a limit of 100 members.

Create Message Group

- Access the Message Group link from Main Menu or Account Actions Menu

There are no Groups in your Address Book.

[Yes](#)
[No](#)

- **Delete Group** – Click the **DELETE GROUP** link in the upper right corner to dismantle and delete the entire group. The following confirmation prompt will appear to confirm your selection. Click **Yes** to delete or **No** to **CANCEL**. Once a Group is deleted, it will no longer appear in your Message Groups list or in the Send a Message Address Book option.

My Preferences

This option allows the user to personalize the email notification and 2 way messaging options as the default for messages sent via My Send a Message. You may modify your preferences at any time to be applied to future messages. You may also modify these fields during message creation.

My Preferences

I want to receive the following Notification Emails (check all that apply):

☐ Message SENT: Notice is sent to advise you of Success or Fail status.

☐ Include the Message Content in my SENT Notification
☒ Do not Include the Message Content in my SENT Notification

☐ Message DELIVERED / READ: Available only for message sent to 2way subscribers. Notice is sent when a message has been successfully delivered and when read.

I want the FROM field to be populated with my Display Name for messages I send to 2way subscribers:

Display Name:

I want to include standard Custom Responses when I send messages to 2way subscribers:

Custom Responses:

Notification/Response Email Address:

- **Notification Emails**
 - **Message SENT** – select this option to receive an email notification of send status of all messages sent via My Send a Message. You may choose to include or exclude the original message content in the notification email.
 - **Message DELIVERED/READ** – select this option to receive an email notification when a 2 way message is delivered to the recipient’s device and when it is read by the message recipient. This type of notification is ONLY available for messages sent to 2 way devices.
- **Display Name** – enter the default FROM name you wish to appear when sending messages to 2 way recipients.
- **Custom Responses** – Enter up to 6 custom responses to be included with every message. 2 way recipients will be able to select from your pre-set custom responses when responding to your

message. You may also modify your custom responses during message creation to 2 way subscribers.

- **Notification/Email Response Address** – Enter the email address to receive message notification emails and message replies from 2 way subscribers.

[Manage Login](#)

The Manage Login option will display your login and Two-Factor Authentication Setup information. The Login section will contain your name, user name, password, telephone number and email address. If you need to modify any of that information (excluding your login), input the new information and select Update.

Login Email:

[UPDATE](#) | [MANAGE TWO-FACTOR AUTHENTICATION SETUP](#)

Selecting Manage **Two-Factor Authentication Setup** will display your Two-Factor Authentication information currently on file. To modify, input the new information and complete steps 2-4.

Edit Two-Factor Authentication

Steps to Edit Two-Factor

1. Enter the email and or cell phone number you want to receive the access code.

Email:
Cell:
Preferred: ☐ Email ☐ Cell Phone

2. Click below to send the access code.

[Send Access Code](#)

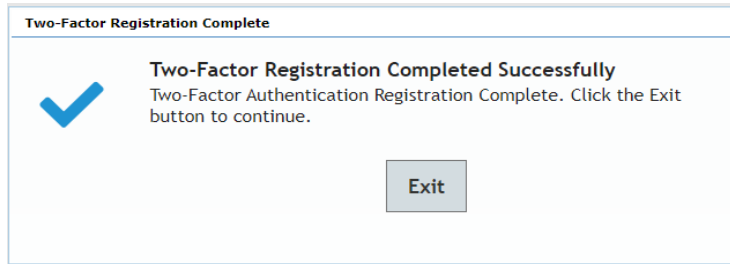

3. Retrieve the Access Code from your email or cell phone.

Access Code:

4. Click "Save" to save your changes or "Cancel" to cancel the changes.

[Save](#) [Cancel](#)

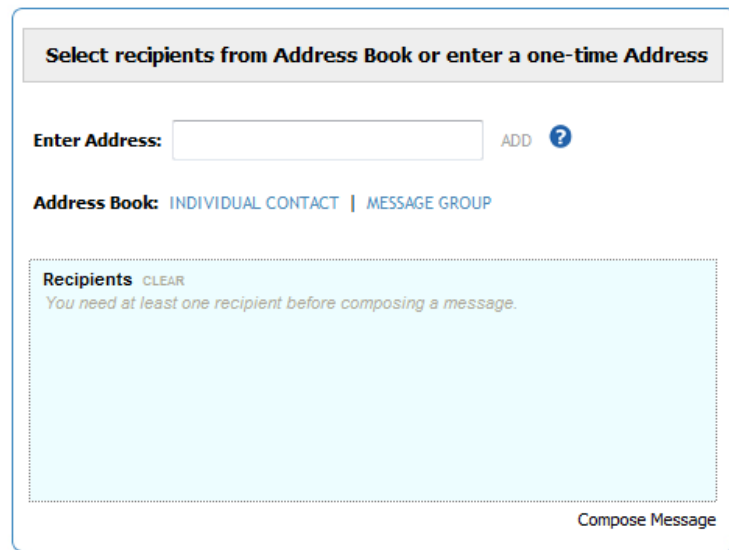

The Two-Factor Registration Complete window will display, click Exit to return to the Main Menu.

Send a Message

This option may be used to send messages to an individual or multiple word messaging subscribers.

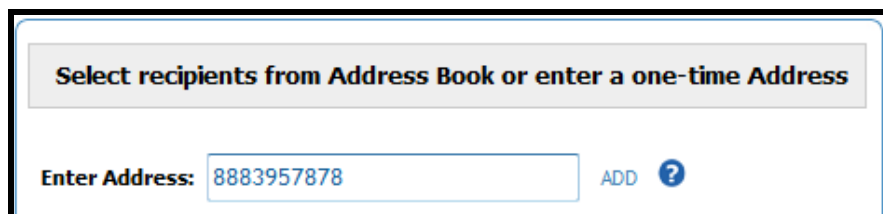

The Address Book links for Individual Contacts and Message Groups will only appear if entries have been added to those options within My Send a Message console.

A screenshot of the "Send a Message" console. At the top is a grey header bar with the text "Select recipients from Address Book or enter a one-time Address". Below this is a section labeled "Enter Address:" followed by a text input field and an "ADD" button with a question mark icon. Underneath is the "Address Book:" section with two links: "INDIVIDUAL CONTACT" and "MESSAGE GROUP". A large light blue box labeled "Recipients" with a "CLEAR" link contains the text "You need at least one recipient before composing a message." At the bottom right of the console is a "Compose Message" button.

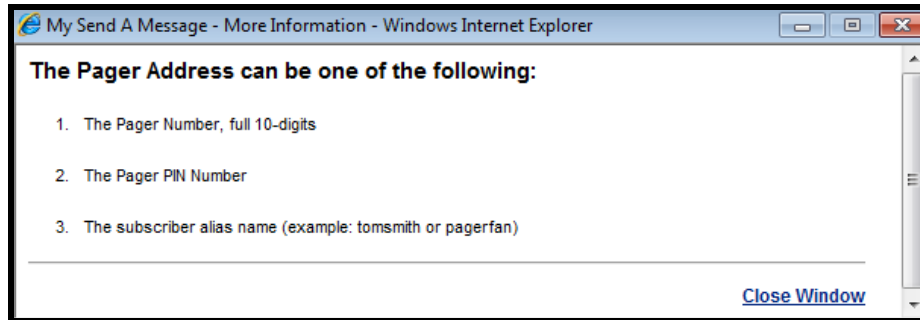

Selecting Recipients

Message recipients may be added manually by entering the 10 digit pager number, PIN number or Alias of the SPOK subscriber as a one-time address or by selecting address or message group members.

- To add a one-time recipient, enter the address of the subscriber and click the ADD link.

A screenshot of the "Send a Message" console, similar to the previous one, but with the text "8883957878" entered into the "Enter Address:" input field. The "ADD" button and "MESSAGE GROUP" link are highlighted with a red rectangular border.

- Click the more info (?) symbol next to the **ADD** link to review valid messaging address formats as shown below:

- If the recipient is a valid SPOK subscriber, the address will be added to the recipient list. Recipients added as one-time addresses will NOT be added to the Address Book.

- If the address is not a valid SPOK subscriber, an error message will be indicated in red. Verify the address or contact Customer Support for assistance.

You may also select recipients from your existing Address Book or Message Groups.

- To select from individual recipients in your Address Book, click the **INDIVIDUAL CONTACT** link. Click each contact name you wish to add to the recipient list. Selected individuals will be indicated by a check mark and will be listed in the Recipients box.

Select recipients from Address Book or enter a one-time Address

Enter Address:

ADD ?

Address Book:

INDIVIDUAL CONTACT | MESSAGE GROUP

Contact Name	Address

REMOVE Test Number

REMOVE Test User

REMOVE Sheila

COMPOSE MESSAGE

- To select recipients from your Message Groups, click the **MESSAGE GROUP** link to view your existing Message Groups that contain at least one member. Click the group name to add the group to the recipient list.

NOTE: A maximum of 100 recipients may be selected for a single message. The 100 recipient maximum includes the count of all one-time addresses, individual contacts and individual group members. For

example: Selection of a single group with 98 members will leave only TWO available slots open. You may select two individual contacts or a second group with just two members.

Select recipients from Address Book or enter a one-time Address

Enter Address: ADD ?

Address Book: **INDIVIDUAL CONTACT** | MESSAGE GROUP

Message Group

- ✓ Blue Group
- Page All Group
- ✓ Red Group

Recipients **CLEAR**

- REMOVE Test Number
- REMOVE Test User
- REMOVE Sheila
- REMOVE Blue Group
- REMOVE Red Group

COMPOSE MESSAGE

- Click **REMOVE** next to a contact or group name to delete from the recipient list or **CLEAR** to remove ALL recipients.

Compose Message

- Once recipients have been selected for a message, click **COMPOSE MESSAGE**.
- Each individual and group member recipient will be validated against the SPOK messaging server.
- All group members will display as individual recipients and duplicates will be removed from the recipient list.
- The list of recipients will be grouped as 1 way Alpha, 1 way Numeric and/or 2 Way. The allowable message length depends on the recipient with the lowest messaging capability.
 - 2-way – 500 characters (including subject, custom responses, and from/to address fields)
 - 1 way Alpha – 240 characters
 - 1 way Numeric – 40 digits (numeric entry only)

For example, if the recipient list included a 2 way and a 1 way Numeric, the message length would be limited to 40 numeric digits, since the numeric device has the lowest messaging capability. If recipient list included a 2 way and a 1 way Alpha, the message length would be limited to 240 alphanumeric characters, the messaging capability of the 1 way Alpha.

- Contacts added to the recipient list that are no longer valid (not in service, number changed, etc.) will be removed from the recipient list and noted in red as shown below.

Modify Recipients if needed / Enter your message / Review your Notification Options

Message Recipient(s): [ADD](#) | [CANCEL MESSAGE](#)

All valid subscribers are text capable. To remove all recipients for a given Service Type, click on the link. To remove individual recipient(s) from the list, click on the address. Invalid subscriber(s) exist, message will not be sent to these subscribers.

[1-Way Alpha](#)

- ✓ Barb
- ✓ Sheila
- ✓ Test User

Invalid Subscribers: Test Number

Enter your message in the field below:

240 characters remaining.

☒ Message SENT: Notice is sent to advise you of Success or Fail status.

☒ Include the Message Content in my SENT Notification.

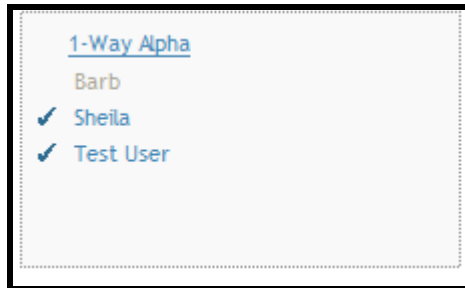

☐ Message DELIVERED / READ: Available only for message sent to 2way subscribers.

Notification/Response Email Address: [?](#)

[SEND MESSAGE](#)

Modify Recipients

- Click the **ADD** link to add more recipients to the message or click an individual message recipient to remove from the recipient list. To remove all recipients for a messaging type, click the message type link (1-Way Alpha in the example below).

- The removed contact(s) will be “grayed out” in the recipient list. You may click on the entry again to add back to the recipient list.

Compose Message

- Once you’ve finalized your recipient list, you may compose your message. The character counter in the lower right corner will indicate how many characters you have left to use.

Notification Options

Any existing preferences will be populated from the My Preferences section, but can be modified here.

- 1 way Alpha and Numeric recipients will display the following message options:

- ☒ Message SENT: Notice is sent to advise you of Success or Fail status.
- ☒ Include the Message Content in my SENT Notification.
- ☐ Message DELIVERED / READ: Available only for message sent to 2way subscribers.

Notification/Response Email Address: 

- If the recipient list contains at least ONE 2 way recipient, the following advanced messaging options will also be available. **NOTE:** If My Preferences have not been established, these fields will be blank.

From:*

Subject:*

Custom Response(s):*

<input type="text" value="Yes"/>	<input type="text" value="No"/>	<input type="text" value="At Lunch"/>
<input type="text" value="Acknowledged"/>	<input type="text" value="Out of Office"/>	<input type="text" value="Unavailable"/>

- ☐ Message DELIVERED / READ: Available only for message sent to 2way subscribers.

** Applies to 2-way subscribers only*

- Click **SEND MESSAGE**. A message confirmation will appear listing the recipients and the message.

Thank You, your message has been sent.

Recipient(s): 2 Way Test

Message: TESTING TWO WAY

Example of Message SENT email notification that contains message content:

-----Original Message-----

From: postmast@usamobility.net [mailto:postmast@usamobility.net]

Sent: Wednesday, November 28, 2012 8:36 PM

To: Sheila Test

Subject: Message Sent Status - My Send a Message

DO NOT REPLY: This email is for notification purposes only and does not accept replies

Information regarding the status of your message is included below:

Message Content: TESTING TWO WAY

Message Status by Recipient:

2 Way Test (8882008642)

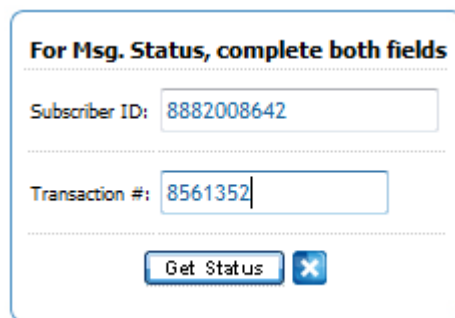

Status: Sent

Transaction#: 8561352

Message Status

This option may be used to track the status of a message submitted to a 2 way recipient.

- Select **MESSAGE STATUS** from the Account Actions section of the My Send a Message main menu.

For Msg. Status, complete both fields

Subscriber ID: 8882008642

Transaction #: 8561352

Get Status X

- Enter the Subscriber ID (10 digit pager number, alias, or PIN number of the recipient).
- Enter the Transaction ID of the Message.
- Click **Get Status**. In the example below, the message is still in progress meaning the 2 way device has not yet received the message.

NOTE: The transaction ID may be located on the Message SENT email notification. The Transaction ID will ONLY generate for 2 way recipient messages.

For Msg. Status, complete both fields

Subscriber ID:

Transaction #:

is in progress

- Click **X** to exit Message Status and return to the main menu.

My Billing Details

The section on the right of the main menu contains information regarding current balance and payment information as well as links to options for invoices, payments, payment history and general account information management that are detailed below.

Account Actions

Manage/Make a Payment

All payments are handled through our payment vendor, Billtrust. Effective July 1, 2022, credit cards will no longer be accepted as payments.

Click on Manage/Make a Payment, the Billtrust website will open in a new tab as shown below.

Invoices – View/Print/Download

Click on the Invoices – View/Print/Download link and the next window will display a menu of up to your last ten invoices (current invoice is always available here too), the invoice numbers as well as the dollar amounts. If you're interested in no longer receiving a paper invoice in the mail and would like to receive a monthly email notification of your electronic invoice's availability select the **Sign up for our e-invoice program** link. [Click here](#) to view further instructions regarding signing up for our e-invoice program within this guide.

PDF equivalents of the paper invoice are also available by selecting the PDF link for the desired month to print the first page of the invoice, several pages or the entire invoice. (Note, at this time, Adobe Reader v7.0 or higher is required for this option and a link is provided for the free download.)

Invoices can also be downloaded electronically via the E-file Format option for parsed/unparsed files. A window will appear displaying your email address (or a window for an alternate email address should you want the notification sent to a different individual). Click on Submit and you will receive an email in your Inbox alerting you that your electronic invoice has been compiled and is ready for download. (Note - We do not directly email invoices due to security concerns and file sizes/formats.) Once you receive your email notification log back into the My Account application and from My Billing Options select **Invoices-View/Print/Download**. The next window that will appear displays all of your invoices and you will see an icon next to the file you requested. Click on the applicable icon for Parsed / Un-Parsed file and you will be able to save that invoice data. We recommend setting up a folder labeled Invoice on your hard drive.

Requesting E-Files

A specific invoice can be selected by clicking on either the PDF icon or desired E-File Format icon(s) for Parsed or Un-Parsed files if available. If there are no E-File format icons available the user can request the specific invoice(s) by clicking in the applicable Request E-Files check box and then click **Continue** to submit the request as seen in the below screen sample.

View an invoice by selecting the PDF icon or available e-Files icon.
If e-File icons are not displayed, select Request e-File Check Box and Continue. ?

INVOICE DATE	INVOICE #	INVOICE TOTAL	PDF	E-FILE PARSED	E-FILE UNPARSED	REQUEST E-FILES

Sign up for our e-invoice program

The user will be able to review the requested Report Name with the applicable invoice number and confirm the e-mail address to use for notification once the invoice report is ready. Select Continue to process.

Review your request and confirm your email address

In most cases electronic reports are processed immediately. Upon completion, email confirmation will be sent to the Login Address below OR to an Alternate Address if one is provided. Once you receive notification that your report is ready, you may download it within 5 business days through the Invoice - View/Print/Download option on My Account Main Menu.

REPORT NAME	LOGIN EMAIL ADDRESS	ALTERNATE EMAIL ADDRESS
X3235391L		
X3235391K	terry.test@testing.com	<input style="width: 150px;" type="text"/>

☐ I would like to change the login email address permanently to the address entered above.

[CANCEL](#) | [CONTINUE](#)

If the process is successful, the screen will display as seen in the following sample.

E-File REQUEST SUBMITTED

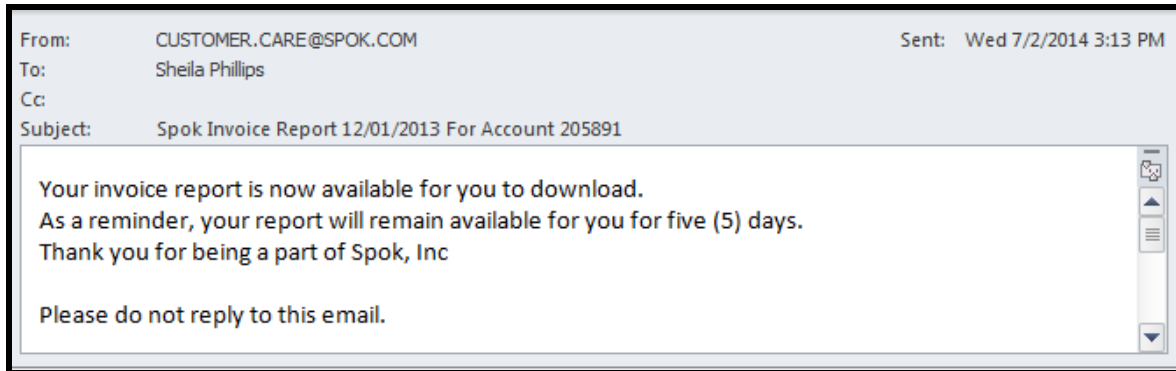

YOUR REQUEST IS BEING PROCESSED

When your Invoice Report is available for online retrieval, email notification will be sent to **Terry.test@testing.com**

NOTE: Once you receive notification, report will be available for online retrieval for 5 business days.

An email notification will be sent to the requestor confirming the invoice report is ready for download. Note the prompt; the online retrieval for the invoice report in My Account will be available for only five business days.

The following email sample illustrates a confirmation for a requested Invoice Report.

Once the email confirmation has been received the user can access the requested invoice report for download.

The sample below depicts multiple invoices are available via the E-file format. The user will have a choice to download either *Parsed* or *Unparsed* files.

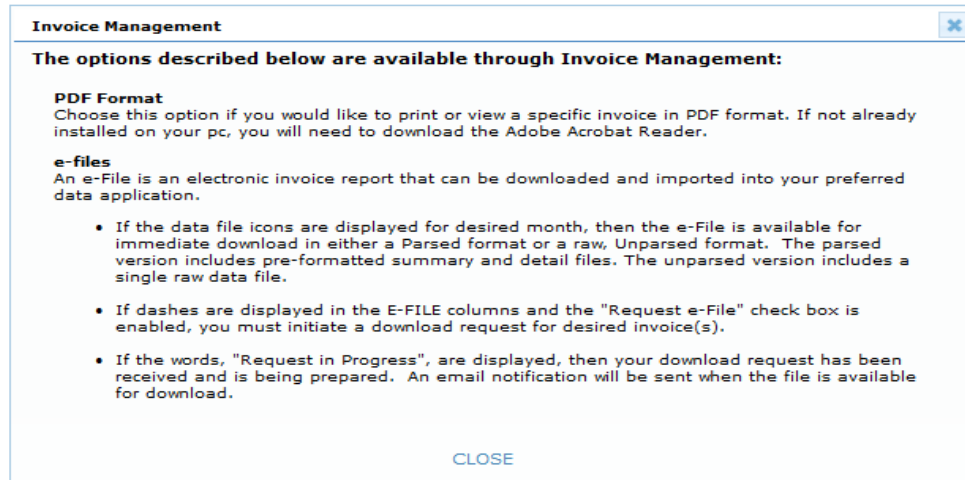

View an invoice by selecting the PDF icon or available e-Files icon. If e-File icons are not displayed, select Request e-File Check Box and Continue. ?						
INVOICE DATE	INVOICE #	INVOICE TOTAL	PDF	E-FILE PARSED	E-FILE UNPARSED	REQUEST E-FILES

CLICK HERE to download Adobe Acrobat. Balance information and amount due displayed on the PDF Invoice may not reflect your current account status. Sign up for our e-invoice program						

Click the more info (?) symbol located at the top of the **Invoice Selection** screen to display additional information.

View an invoice by selecting the PDF icon or available e-Files icon.
If e-File icons are not displayed, select Request e-File Check Box and Continue.

A pop-up information window regarding the applicable options through Invoice Management will display as seen in the sample below.

Overview of the E-Files for Parsed vs. Un-Parsed

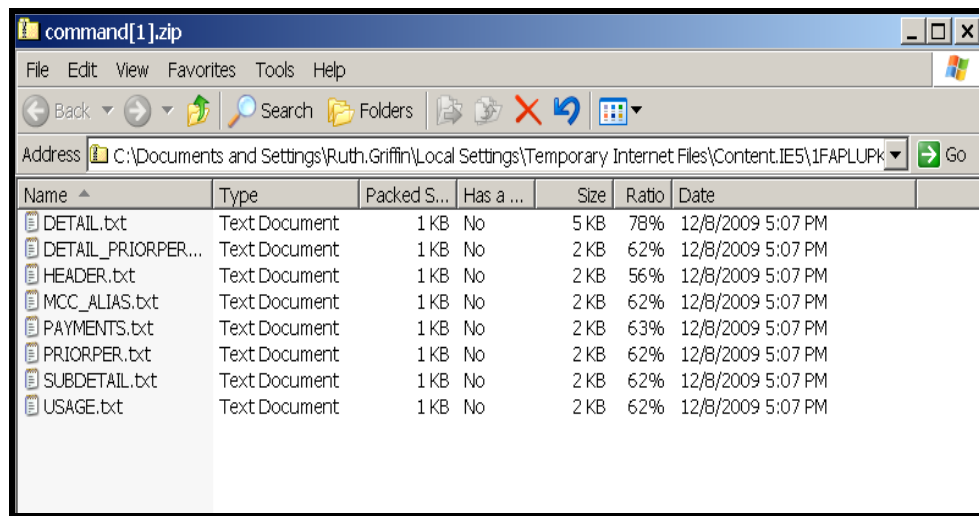

The **Electronic Invoice Program** is designed for customers that wish to receive their billing data electronically. You will have the option to choose between a Parsed or Un-Parsed file. The Parsed option will download a file that has already been parsed and formatted by Spok. (This will eliminate the need for the E-parse software that has been previously used) Once the applicable file has been downloaded you will be able to import/convert the file into the application of your choice. The Un-Parsed file option will download an unparsed, raw .DAT file.

Clicking on the Icon in the **Parsed / Un-Parsed** column will open the File Download Dialog box as seen below.

Click **Open** to display the ***Parsed / Un-Parsed*** file(s) ~Or~ click **Save** to save in a designated folder.

Parsed files are already formatted by Spok and will display for the user to download as seen in the sample below. **NOTE; This will eliminate the need for the E-Parse software as used in the past.**

Un-Parsed files are in .DAT file type as seen below and must be formatted as it contains raw data.

Sign up for E-Invoice

Click Sign up for E-Invoice and the next window will display the E-Invoice Login Information. To stop receiving paper statements in the mail and view your statements online via My Account, select the radio button in front of Electronic Statement Only. Input your email address, Contact Name, click the checkbox beside "I accept these Terms & Conditions, select SUBMIT. Your invoice delivery preference will be updated.

Sign up for our new e-invoice program below and help us stop the presses!
Update your Statement Delivery Preference and Email Address below.

Ask a Question

Access this screen to email feedback, questions or comments to our My Account Customer Support team. This option is not meant to be used for time sensitive transactions that you may not be able to process via My Account. Please call or email Customer Support directly with any time-sensitive questions or concerns.

A screenshot of a web application window titled "Ask A Question". At the top, a grey banner contains the text: "Please select a topic, enter your question and email your question to our customer care representatives". Below the banner, there is a "Select a Topic:" label followed by a dropdown menu showing "---- Select ----". Underneath is an "Enter Your Question:" label followed by a large text area with a vertical scrollbar. At the bottom of the form, there are two links: "CANCEL" and "SUBMIT".

Available topics include:
